Renewable Energy Research Experiences for Undergraduates
Chuck Stone and Barbara Olds - Renewable Energy MRSEC, NSF DMR-0820518

Professor Chuck Stone, REMRSEC REU Coordinator and Professor Barbara Olds, REMRSEC Education and Human Resources Director, held an open house to advertise the first Research Experiences for Undergraduates program of the Renewable Energy MRSEC. It will be held 1 June through 5 August 2009. Over 65 interested students from departments across campus attended and many followed up with applications. The Renewable Energy MRSEC is clearly striking a chord with students from all disciplines.
